COMPANY OVERVIEW

CBI Certified Building Inspectors provides highly qualified building inspection and plan review services to support municipalities, jurisdictions, and large-scale construction projects. With over 21 years of combined industry experience, our team delivers accurate, code-compliant inspections that ensure projects meet regulatory standards and stay on schedule.

We specialize in supplementing government agencies and engineering teams with certified inspectors and plan checkers when internal resources are limited or project demand increases.

PAST PERFORMANCE

CBI Certified Building Inspectors has supported a wide range of public and private sector construction projects, including:

- Large Track Home Developments
- Commercial Construction Projects
- Hotels and Casino Developments
- Multi-Family Apartment Complexes
- Subway and Infrastructure Projects
- Large-Scale Solar Projects

Scope of Work:

- Provided certified inspectors to ensure projects met all applicable building codes
- Supported staffing continuity for jurisdictions managing high project volume
- Delivered consistent, accurate inspections across multiple project types

CORE COMPETENCIES

- Building Inspections for Residential and Commercial Construction
- Plan Review and Plan Checking Services
- Code Compliance Verification (Local, State, and Federal Standards)
- Staffing Support for Municipalities and Jurisdictions
- Inspection Support for Large-Scale and High-Volume Projects
- Construction Oversight and Quality Assurance

DIFFERENTIATORS

- 21+ Years of Combined Experience across construction inspection and compliance
- Extensively Certified Team of inspectors
- Government-Focused Support Model tailored to municipalities and public agencies
- Flexible Staffing Solutions for surge capacity and large project demands
- Proven Reliability in maintaining inspection accuracy and code adherence
- Strong Industry Background supporting engineering firms, cities, and jurisdictions
